2

269m²

4,008m²

Discover this exceptional villa in the highly sought-after Las Laderas area of Jávea, perfectly positioned on a generous plot offering both privacy and future potential.

The property features 3 spacious bedrooms, a modern gym, a large swimming pool, and extensive outdoor living areas designed to enjoy the Mediterranean lifestyle year-round.

One of the property's most attractive features is its large plot. Should the owner decide to participate in the future urbanisation re-parcelation plan, there may be the possibility to divide the land into two separate plots, creating an interesting opportunity for future development or investment.
