These stunning south facing single storey detached villas are being built in an Ibiza style in the peaceful area of La Marina, just 20 minutes from Alicante Airport and 10 minutes from the beaches of Guardamar Del Segura. The villas feature a spacious open plan lounge, diner and kitchen with large patio doors overlooking the private swimming pool. There are two double guest bedrooms, a family shower room and a master bedroom with en-suite shower room. Below the villa is a huge basement which can be used to add extra living space, storage or the ultimate man cave. The plot is finished in a typical Mediterranean style...

with a tiled terrace next to the pool, low maintenance gravel and planted areas and an off-road parking space finished with patterned concrete. There is an option to add a private solarium to the roof of the villa if more outdoor space is required. Given the location and value for money these properties offer, they will be quickly snapped up. Do not miss out!
