the large living area with its large windows with panoramic sea views. There is also an office/bedroom on this floor. On the same level one finds the swimming pool with beautiful sea views, the gardens, several sitting areas with shade and a BBQ area with fireplace. Exceptional about this villa: at the back of the house there is Heliport. On the ground floor, there is a bar, cinema/party room, gym and bathroom. In the grounds, there is a 90 m² building currently used as a woodworking workshop. This could easily be converted into a pool room or for other purposes. There are 2 pavilions with the same spectacular sea and mountain views as the house, and there is a carport with parking space for 5 cars. There is also a large dog yard with a large dog house for several dogs. It is very suitable for large families, in excellent condition, ready to welcome its new owners. This property has a great location as it is a 10-minute drive to Altea beach, a 5-minute drive to La Nucia and you can enjoy a 1-hour walk through the Spanish countryside to Altea. La Nucia is a thriving commercial activity that complements a vibrant cultural calendar with an excellent sports centre, exhibitions and festivities. There is a wide range of restaurants, in and around the town, with a wide choice of popular international eateries and tapas bars, and the nearest Michelin-starred restaurant is just 1.7 km away. Many consider La Nucia to be the perfect place to live with its multinational population, excellent healthcare, education including English-language teaching, sports initiatives, special youth agenda, eco-gardens, dog parks and, of course... the warm weather.
