La Sirena

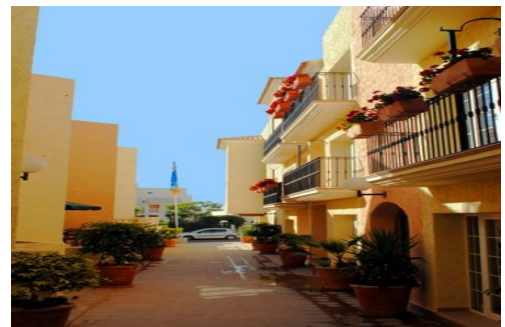

These are simple, economic, holiday apartments and townhouses, providing the same top quality accommodation to the usual developers standards.

They are still constructed to the high standards required of the highly respected developer, with double glazing, first quality fittings throughout, an individual roof top solarium and underground parking. You have sea views from the solariums.

Well integrated within the heart of the existing village and less than five minutes walk from the beach, they are very much part of village life. They are perfect as holiday homes.

This apartment is on the first floor and is sold as see...

. It does not include a fitted kitchen in the price but it can be bought as an extra. This price includes an allocated roof terrace and an allocated parking space in the basement. The price includes doubleglazing.

Please note the photographs are the original show apartment.

The price includes an Adult Non-Resident Resort Membership of the Desert Springs Golf Club, with the privileged possibility of up to one additional adult "Partner". This has a current total value of 29,000 Euros.

As reservations may only be made after a visit to the development, prospective purchasers must check immediately prior to their visit, the remaining availability of the properties and the prices that will be current during the month of their visit, in order to reduce the risk of disappointment.
